General Characteristics

- This is an exceptional "two owner" since new AS 350 B3+ helicopter.
- Delivered new in 2005 to an executive corporate owner in Sao Paulo Brazil, this aircraft was never used for charter.
- Maintained exclusively at "HELUBRAS" (Helicopters of Brazil) the largest Airbus/Eurocopter Service Center in the world before coming to the USA!

Damage History

No known damage history.

Disclaimer

The offer for sale of this aircraft is subject to contract and the aircraft may at any time be withdrawn from the market without prior notice. Specification is subject to verification by the purchaser and is not guaranteed for accuracy and Buyer should rely on their inspection as all aircraft are sold "as is, where is".

- The hot-and-high AS350 B3+ version—outfitted with a FADEC-equipped Turbomeca Arriel 2B1 – it retains the B2's spacious cabin while boosted speed which adds extra lifting capability.

- The engine makes it perfectly suited for extreme operations conditions namely mountainous terrain and hot and dry areas. It broke records when
- a standard production AS350 B3+ aircraft landed on top of Mount Everest in 2005 (altitude: 29,029 ft/ 8,848 m).

- It is "the high performance" version of the single engine ECUREUIL range and beats every other single engine helicopter in its category.

- Its flexibility has made it a very sought-after helicopter worldwide capable of performing a wide range of missions including VIP passenger transportation, aerial work, training, observation, surveys, heavy lifting, high altitude work, fire fighting, filming and photography and much more.

- The latest technology, best performance and smoothest ride in its class.

- 5 Passenger plus pilot VIP leather interior and plenty of equipment/luggage space, or 6 passenger plus pilot with dual front seat fitted.

- Powerful 847 hp 2B1 Turbine engine

- Fast 142 Kt cruise and 155 Kt VNE Hydraulics for best safety and performance.

- Increased payload over standard AS350B2.

- Dual FADEC engine management system with back up

- Dual LCD screen / VEMD

- Single sliding door

- Latest 3D moving map with terrain alert database

- Day/Night VFR equipped
